FROM THE PRES

The 1985 edition of the NCCC Annual Holiday Banquet will be held on December 14 at Ming's Restaurant in Palo Alto. Cocktails at 0230Z and Chinese dinner at 0330Z. Tom, N6BT, will again be Master of Ceremonies (why switch, he's a winner). The awards presentations should be very quick this year (10 minutes) and will be followed by a 45 minute review of where we've been this year. Reservations for the banquet are limited to 65 people. On December 5, 1985, there were 30 still available. I must give Ming's a final count on December 12. Reserve your banquet position (we don't use lists) now -- dial (408) 446-2291.

Some comments about the CQWW 1985 Contest. Thank you to all who contributed, both up front and behind the scenes. Many Club members put in 120% and we are probably in the top three clubs world wide. That is not number 1, is it? We had several expeditions competing on our behalf, with really top scores, and local multi efforts were doing well -- so what happened? I know the rest of you were not out working, so where were the local single operator stations?

THE CONTEST JUG December 1985 No. 162

Our Club is entering the co-sponsored WPX Contest this coming Spring, so you guys and gals who missed CQWW 1985 have plenty of time to plan for the Spring competition.

Happy Holidays.

MINUTES OF THE MEMBERSHIP MEETING OF THE NCCC
November 18, 1985
Hayward, California

1. The meeting was called to order by President, John Hultquist at 7:45 p.m.

2. A round table introduction of members and guests was held and recent contest scores were announced. Guests present were Ben, the son of N6EK, Doug, K1DG, and Al, AD6E.

3. It was moved, seconded and passed that all Minutes, as they were published in the Jug, be approved.

4. There was no Treasurer's Report.

5. President Hultquist announced the Christmas Dinner will be at Ming's in Palo Alto on December 14, with a program of slides of various members and their stations. Reservations were solicited.

6. The meeting was recessed for a pizza break.

7. Membership Applications for Doug Grant, K1DG and Al Maenchen, AD6E, were read. Both were unanimously voted into full membership.

8. There was no old business.

9. There was no new business.

10. At this time Ted Park, K6XN, narrated an excellent videotape of his trip to Montserrat, which featured station, antenna, and operator shots at VP2MW and VP2MU. At the conclusion of the tape, WA6VEF and N6BT were interviewed as to their impressions of the CQWW SSB test from VP2MW and the interview was included as a post script to the existing tape. A very find program indeed.

11. The meeting was adjourned at 10:45 p.m.

FROM THE VP-CC

This issue contains CQ World Wide CW scores. Please send me a copy of your summary sheet. The deadline for CW scores is January 15, 1986. A lot of members had fun in the modes of their desire, so check in on the Wednesday night net at 8:00 p.m. and keep in touch.

The Club will be at it again this Spring for another blow-out in the CQ WPX Contest the last weekends in March (phone) and May (CW). All those multi-multis and multi-singles that got the cob webbs off for CQ World Wide should be fined tuned for that event! For those with ideas of going overseas to the Caribbean, lower rates (up to 40%) in many areas go into effect after March 15, which fits right in with CQ WPX.

The Club will support the NCDXC in ARRL DX, but will not mount a Club effort nor submit scores for that test.

Since it's the rainy season and dark by 5:00 p.m., it's antenna season with 160 and 80 meter DX the fruits of your labor. Experiment now for WPX.

CONTEST ANNOUNCEMENT

The 39th Annual ARRL VHF Sweepstakes begins January 11, 1986 at 1900Z and ends January 12, at 0400Z. See December QST, page 94.

Excepting 2 meter FM, about 10% of the NCCC membership is active on VHF, and some of these operators will be looking for you.

Use the following frequencies to work NCCC members (at 3, 6, 9 and 12 AM and PM):

52.525

146.49

146.55

147.54

223.50

446.00

Look for NCCC stations on the above frequencies at 3, 6, 9, and 12 AM and PM both days. They need you.
